Dear Donna and Members of the Governing Board,

We are writing to express our sincere gratitude for replicating our Board Retirement Resolutions. As a result of the Camp Fire in Paradise, we not only lost all our possessions, but we lost all remnants and memorabilia from our careers in education.

While we weren't at home at the time of the fire, thankfully our son was able to save our two dogs, two of our musical instruments, and both of our computers. Fortunately, many of our photographs are stored on our hard drives.

And, since we were both on the golf course at the time of the fire, we kept both of our vehicles and our golf clubs.

We were fortunate to find a rental home from one of my previous Board members in Gridley.

We are planning on rebuilding and already travel to paradise once a week to shop and conduct our business as we want these services to be there when we return. We have selected our new home plans that an architect is working on, FEMA will soon be clearing our property of the fire debris, and we have just settled with our insurance provider.

We truly want to thank you for our duplicate resolutions. This was extremely kind of you and very thoughtful. We will both treasure them.

Warmest regards and best wishes!

Sincerely,

A handwritten signature in black ink, appearing to read "JH & Cydney". The signature is written in a cursive, flowing style.
